

Karuna Society for Animals & Nature

SHOP OPENING JULY 29!

Near to Sai Towers & Ahmed Taxi Shop, Puttaparthi

The **Karuna/Ahimsa shop** enables us to connect with the public and visitors of Puttaparthi. Our focus is to provide information about animals, their suffering and to explain how compassionate people can help. We provide information

about all Karuna projects and the local animals. People can make appointments for Animal Birth Control (ABC), inform us about an animal

in distress and give donations to support our work. The TV in the shop will show all our animal related videos and we can talk to people about animal welfare and all animal related issues.

We will sell lettuce and vegetables, grown at the Ahimsa Farm, where our 200+ rescued cows and buffaloes are living their peaceful lives, and deliver cruelty-free compost for the garden. Please drop by to say hello!
